Preventive Veterinary Medicine, 16 (1993) 317–320
Elsevier Science Publishers B.V., Amsterdam

Contents of *Preventive Veterinary Medicine*, Volume 16

VOL. 16 NO. 1 APRIL 1993

Introduction 1
An industry-level economic conceptual model of the effects of improved animal health
B.L. Buhr (Ames, IA, USA), K.D. Walker (Fort Collins, CO, USA), J.B. Kliebenstein and S.R. Johnson (Ames, IA, USA) 3
Adjustment for the competitive risk of culling in financial evaluation of health programs
D.T. Galligan, C. Ramberg, C. Curtis and C. Johnstone (Kennett Square, PA, USA) 15
A stochastic distributed-delay model of disease processes in dynamic populations
H.S. Hurd, J.B. Kaneene and J.W. Lloyd (East Lansing, MI, USA) 21
Consideration of culling bias in assessing the relationship between fetal survival and maternal age in dairy cows
M.C. Thurmond and J.P. Picanso (Davis, CA, USA) 31

Abstracts
Seroprevalence of trichinellosis in swine in Florida
M.L. Van der Leek (Gainesville, FL, USA) 39
Import Risk Information System (IRIS)
J.A. Acree (Hyattsville, MD, USA) 41
A multivariate indexing system for hygiene in relation to disease and production
H.O. Mohammed (Ithaca, NY, USA) 43
Validation of producer-recorded causes of preweaning mortality in swine
J.-P. Vaillancourt, T.E. Stein, W.E. Marsh, A.D. Leman and G.D. Dial (St. Paul, MN, USA) 45
The role of a survey in an investigation of factors associated with a reduction in parity-two litter size in swine
W.E.M. Morrow (Raleigh, NC, USA) and J.-P. Vaillancourt (St. Paul, MN, USA) 47
Macroeconomic cost estimation of swine disease
K. Walker (Fort Collins, CO, USA) 49
A biological and financial characterization of non-productive days
D. Polson, G. Dial and W. Marsh (St. Paul, MN, USA) 51
DairyCHAMP: a computerized health and management program for use in epidemiological studies
W.E. Marsh, G.A. Nimis, T.J. Jourdan, A.M. Landucci, P. Udomprasert and N.B. Williamson (St. Paul, MN, USA) 55
Computer-based problem-solving exercises in veterinary epidemiology
R.A. Robinson, S. Wickstrom and J. Linck (St. Paul, MN, USA) 57
ORACLE computer programs for economic decision making on health and management in livestock herds
W.E. Marsh (St. Paul, MN, USA) and R.S. Morris (Palmerston North, New Zealand) 59

A methodology for evaluating the financial consequences of a disease outbreak of transmissible gastroenteritis and pseudorabies virus
D. Polson, W. Marsh, R. Morrison and G. Dial (St. Paul, MN, USA) 61
Methods for analyzing the effects of *Salmonella* outbreaks on poultry prices
R.A. Morales and W.N. Thurman (Raleigh, NC, USA) 65
Methods and uses of disease mapping in regulatory medicine
P. Cowen, T. McGinn III (Raleigh, NC, USA), G. Pyle (Charlotte, NC, USA) and K. Sideralis (Raleigh, NC, USA) 67
Geographic information systems in the epidemiological study of swine diseases
W.E. Marsh, T. Damrongwatanpokin and R.B. Morrison (St. Paul, MN, USA) 69
Modelling group-level data, individual-level data that are grouped, and repeated dichotomous outcomes using a family of random-effects logistic regression models
C.R. Curtis, M. Kristula and D.T. Galligan (Kennett Square, PA, USA) 71
Application of polytomous logistic regression in veterinary epidemiology
Y.T. Gröhn, S.L. Fubini and D.F. Smith (Ithaca, NY, USA) 73
Application of portfolio theory in decision-tree analysis
D.T. Galligan, C.F. Ramberg, C. Curtis, J. Ferguson and J. Fetrow (Kennett Square, PA, USA) 75

VOL. 16 NO. 2 JUNE 1993

Evaluation of *Schistosoma bovis* adult worm extract for vaccination of calves
I.E. Aradaib (Davis, CA, USA), B. Abbas, H.O. Bushara (Khartoum, Sudan) and M.G. Taylor (London, UK) 77
Incidence of training failure among Thoroughbred horses at Cologne, Germany
A. Lindner and A. Dingerkus (Bonn, Germany) 85
Analysis of status of vaccination and development of fever in trotters in Sweden during an outbreak of influenza Type A2 (H3N8)
P.H. Bendixen (Höör, Sweden), U. Emanuelson (Eskilstuna, Sweden), P. Forssberg and L. Silferberg (Stockholm, Sweden) 95
An evaluation of the validity of individual cow somatic cell counts from cows in early lactation
I.R. Dohoo (Charlottetown, P.E.I., Canada) 103
Evaluation of teat germicides of low iodine concentrations for prevention of bovine mastitis by *Staphylococcus aureus* and *Streptococcus agalactiae*
R.L. Boddie, S.C. Nickerson (Homer, LA, USA) and R.W. Adkinson (Baton Rouge, LA, USA) 111
Determination of the performance attributes of post-mortem meat inspection procedures
S.C. Hathaway (Gisborne, New Zealand) and M.S. Richards (Weybridge, UK) 119
Detection of canine carriers of haemophilia A using factor VIII activity and von Willebrand factor antigen concentration
P.D. Mansell, B.W. Parry and G.A. Anderson (Werribee, Vic., Australia) 133
An economic analysis of the prevention of peste des petits ruminants in Nigerien goats
C. Stem (North Grafton, MA, USA) 141

Short Communication
Bovine babesiosis in Indonesia
I.P. Sukanto, R.C. Payne and S. Partoutomo (Bogor, Indonesia) 151

Announcement from the Publisher 157

VOL. 16 NO. 3 JULY 1993

Risk factors for bovine infection with verocytotoxigenic *Escherichia coli* in Ontario, Canada
J.B. Wilson, S.A. McEwen, R.C. Clarke, K.E. Leslie, D. Waltner-Toews and C.L. Gyles (Guelph, Ont., Canada) 159
Variations in prevalence rates of tick-borne diseases in Zebu cattle by agroecological zone: implications for East Coast fever immunization
S.L. Deem, B.D. Perry, J.M. Katende, J.J. McDermott (Nairobi, Kenya), S.M. Mahan (Causeway, Zimbabwe), S.H. Maloo (Mombasa, Kenya), S.P. Morzaria, A.J. Musoke and G.J. Rowlands (Nairobi, Kenya) 171
Morbidity in dairy cattle in Korea
C.-S. Yoon, T. Sakai (Fujisawa, Japan), M.M. Ishizuka, F.H. Ito (São Paulo, Brazil) and W.-C. Lee (Seoul, South Korea) 189
A prevalence study of bovine tuberculosis and brucellosis in Malawi
B.G. Bedard (Calgary, Alta., Canada), S.W. Martin (Guelph, Ont., Canada) and D. Chinombo (Lilongwe, Malawi) 193
Ordinary versus random-effects logistic regression for analyzing herd-level calf morbidity and mortality data
C.R. Curtis (Ithaca, NY, USA), R.H. Mauritsen (Seattle, WA, USA), P.H. Kass (Davis, CA, USA), M.D. Salman (Fort Collins, CO, USA) and H.N. Erb (Ithaca, NY, USA) 207
Path model of herd-level risk factors for calfhood morbidity and mortality in New York Holstein herds
C.R. Curtis, H.N. Erb, J.M. Scarlett and M.E. White (Ithaca, NY, USA) 223

Announcement 239

Announcement from the Publisher 240

VOL. 16 NO. 4 AUGUST 1993

Herd level measures of health and productivity in Prince Edward Island dairy herds
I.R. Dohoo and P.L. Ruegg (Charlottetown, P.E.I., Canada) 241
Serum pepsinogen concentrations in strongyle-free French dairy goats
C. Chartier, C. Benoit and M.-P. Pellet (Niort, France) 255
Seroprevalence of turkey rhinotracheitis in Germany
T. Redmann, L. Kamphausen (Giessen, Germany), U. Neumann (Hannover, Germany) and K. Failing (Giessen, Germany) 263

Model based on weather variables to predict seroconversion to bluetongue virus in Alabama cattle
J.C. Wright, R.R. Getz, T.A. Powe, K.E. Nusbaum, D.A. Stringfellow, G.R. Mullen and L.H. Lauerman (Auburn, AL, USA) 271
Seroepidemiology of trichinellosis in Florida swine
M.L. Van der Leek, J.B. Dame, R.C. Littell (Gainesville, FL, USA) and S.S. Shin (Athens, GA, USA) 279
Factors associated with time under quarantine for swine herds in the voluntary phase of the Illinois pseudorabies eradication program
A.M. Siegel, R.M. Weigel (Urbana, IL, USA) and A.C. Taft (Springfield, IL, USA) 295
